Environmental Responsibility

Since the launch of our Outdoor Living Products Division, VEKA has focused on sustainability initiatives by using in-house , high-quality window and door recycled material, mixed color, pre-consumer, reclaimed PVC for agricultural post & rail, extruded packaging containers, and liners.

DualEdge Eco Layer profiles are VEKA's first introduction of this reclaimed material into the marketplace.

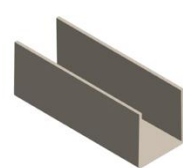

By ensuring that the highest quality ingredients are blended into the formulation, VEKA can guarantee that DualEdge goes beyond industry standards.

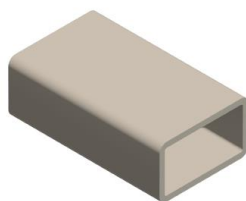

As a result of proven performance, DualEdge® comes with a limited lifetime warranty.
